

Tech Applications Group

Menu

Welcome to TAG

TAG designs, builds, and supports web-based software applications used across campus to support academic and research administration.

It is a cross-campus collaboration of schools, colleges, the Office of the Provost, and the Office of the Executive VP of Research.

Each of our applications are custom built through partnership with our campus constituents, keeping the goals below in mind.

Application Goals

- Improve efficiency.
- Reduce duplicate entry.
- Facilitate efficient workflow.
- Reduce manual, paper processing.
- Improve communication throughout all levels of GT Administration.
- Leverage and partner with enterprise wide systems to provide tools that provide "beyond system" tasks
